I am a graduated System Engineer with more than eight years of professional experience. Also, I have advanced experience using IT technologies like SQL Databases (MSSQL), No SQL Databases (MongoDB), .Net (C#), React, HTML, CSS, Tailwind, JavaScript (Node.js), AWS (EC2, S3, SES, ServerLess, etc), Microservices, Dockers, and Kubernetes, Git. Finally, I worked using the best IT practices (ITIL, SCRUM, etc). I am seeking a casual or full-time position as a software developer. **AVAILABLE** at any time.

EDUCATION AND TRAININGS

2023 – 2024

The University of Sydney (The Coding Boot Camp)

2008 – 2012
